The image shows two surgical instruments. On the left is a trocar, which has a long, thin, pointed metal shaft and a large, teardrop-shaped metal handle. On the right is a suction tube, which has a long, thin metal shaft with a series of small holes along its length, a small connector at the bottom, and a curved, flexible tube ending in a small, ribbed suction tip.

Two veterinary instruments are shown vertically. On the left is a curette, which has a long, slender handle and a rounded, spoon-like head. On the right is a bone saw, which has a long, slender handle with a textured grip and a long, thin blade with a serrated edge. The instruments are set against a light gray background.
